

QUANTULA

We believe that all things have advantages and our task is to highlight them.

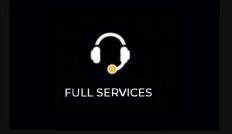

/QUANTULA/

QUANTULA is a group of companies providing a full range of services on the retail lighting market. The group includes following companies: QUANTULA LLC., QUANTULA ENGINEERING LLC and QUANTULA Sp. z. o.o.. The components for manufacturing of luminaries are exclusively used from our official partners such as Philips, OSRAM and Samsung. The key to success of Quantula team is ensured by three main principles: Quality, Quantity and Quickness. Implementation of services such as design, production, installation and maintanence allows more effectively empasize the individuality of each project, wheather it is a fashion boutique or a large shopping center, and significantly reduces the time of its implementation.
